

Congratulations

*Hun Kaplowitz*

*Hope Elementary School*

*“Exemplary Technology Instruction”*

*In his nomination, Principal Richard Tubbs states, “Mrs. Kaplowitz is an avid user of video to enhance her activities. Her recent use of the Flip Camera to say thank you to our Red Ribbon Week coordinator is a great example of how quick she incorporates video to engage students. Each student had a contributing role in the production of this video that was put together quickly, using available technology.”*
