CUSD OFFICIALS INVITE PEOPLE TO PARTICIPATE IN EXPENDITURE REDUCTION SURVEY

Carlsbad, CA ... Carlsbad Unified School District (CUSD) officials have created an Expenditure Reduction Survey to obtain the views of people from various stakeholder perspectives regarding ways to help cover the District's nearly \$11 million projected shortfall for school year 2012-13.

The survey can be accessed at

<http://www.zoomerang.com/Survey/WEB22DGZ2XSR26>. It also is available on the District website at www.carlsbadusd.k12.ca.us.

District Superintendent John A. Roach, Ed.D. states, "The survey results will help us determine the best way to approach the fiscal deficit. Preferences, comments and suggestions by survey participants, including staff, families and community members, will be taken into consideration as I create a list of recommendations to present to the Board of Trustees at its meeting on November 9, 2011. We thank people for their participation in the process."

Up-to-date budget information, which will include survey results, is available at <http://carlsbadusdbusiness.blogspot.com/>.
