

ELECTRONIC WASTE RECYCLING FEE

Starting January 1, 2009 all retailers are required by the State of California to assess an electronic waste recycling fee on all CRT and LCD displays, notebooks and televisions larger than 4 inches. This fee is to be collected on all purchases that are shipped or delivered to end users in the State. The breakdown on the fee is as follows:

At least 4" but less than 15" – the fee is \$8.00

At least 15" but less than 35" – the fee is \$16.00

35" or greater – the fee is \$25.00

This fee applies on all orders shipped after January 1st, regardless of when the Purchase Order was issued.

The penalty to vendors who do not collect the fee is currently set at \$5,000.00 per incident.
